Verdadeiras uniões de peso.

A Meritor, em parceria com o grupo Randon, tem duas joint ventures no Brasil, a Suspensys Sistemas Automotivos e a Freios Master. A Freios Master nasceu em 1986, com a parceria entre a Rockwell International, hoje Meritor, e a Randon S/A. A nova empresa passou a contar com a experiência e tecnologia em fabricação de sistema de freios e de implementos rodoviários. Hoje a Freios Master é líder nacional na fabricação de conjuntos de freios a ar para caminhões, ônibus, micro-ônibus e implementos rodoviários.

Em 2002 a Meritor e a Randon assinam uma parceria para ganhar mais dinamismo e sintonia, somando o conhecimento de mercado e a tecnologia em fabricação de sistema de suspensão das duas empresas. Hoje a Suspensys é líder nacional na produção de sistemas de suspensões, eixos, vigas, cubos, tambores de freios e suportes para veículos comerciais.

Parcerias mundiais.

A Meritor consolida parcerias cada vez mais fortes pelo mundo.

TIMKEN

A The Timken Company é uma das líderes globais, com presença em 29 países, na fabricação de rolamentos de última geração, aços-liga e componentes e conjuntos relacionados. Tecnologia presente em todos os equipamentos móveis e onde há transmissão de potência.

Reflexite®

Já a Reflexite, que iniciou a parceria com a Meritor em novembro de 2012, é a pioneira no desenvolvimento da tecnologia mircroprismática de refletividade. Localizada em Avon, Connecticut - EUA, e mais de 15 unidades ao redor do mundo, faz parte de um dos maiores grupos mundiais na produção de materiais refletivos, produtos gráficos e fitas industriais.
